Dear fellow students —
 We hope you like the book. We tried hard to put in things that everyone would want. To all the people who submitted poems and art — thanks. We couldn't fit everything in, and some really great things were left out. We'd also like to thank Ms. Sheila Stember of the Art Department for her help and support.

A Message From the Principal

To the Class of 1986

Dear Friends,

If experience teaches us anything at all, then we can expect you to one day look back upon the three or four years now ending as having been the most important years of your life.

During this time you were deeply involved in learning more about yourselves, as well as others, expanding your horizons and broadening your pool of experience. In this unique high school where instruction in the arts is valued in equal measure with instruction in other areas of the curriculum you shared a common bond with those whose interest and enthusiasm for the arts was as strong as your own. Undoubtedly you developed friendships which will endure and survive the test of time as you enhanced those gifts and talents which identified you as a potential artist.

As we race toward a future where technology plays an ever increasing role in the decision making process it is reassuring to know that you possess the grace, sensitivity and understanding which immersion in the arts brings to all who pursue this course.

No matter where the future finds you we shall always consider you part of our family and I speak for all those who contributed to your education as I wish you well.

Sincerely,
Richard A. Klein

- *The outward indication or manifestation of a feeling, condition or quality.*
- *Free expression of the inner experience rather than realistic expression.*
- *Applied to those who believe that there is more to the world than their eyes see.*
- *and instead of the visible, objective world, they express visually, dramatically, musically the effect of an impression on the innermost self.*
- *To be young in an old, tired world.*

Dear Jay,

Hey, this is the end huh? Well, I'm not sure how I feel about it yet. All I know is that I'm going to miss you. Even though I didn't really see much of you since P.A. moved to La Guardia, I still

a face juts up to catch the light
becoming a prism to reflect on some
planes
and absorb on others
in a millisecond of captured
time, a change,
a different person peeks through
the gauze of everyday sunlight
to a revelation
the soul itself sheds its immortal
pod
and becomes tangible, if only for
that stolen moment

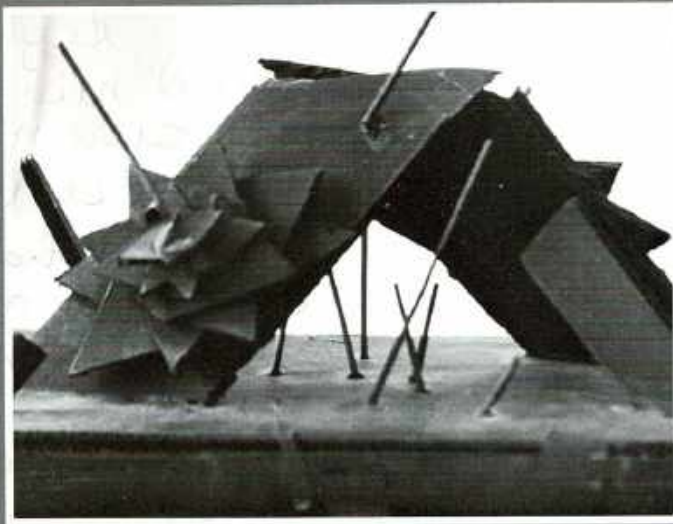

Jessica Roland

got the same old friendly feeling when we just said hello - passing each other in the hall. There were just too many nice memories from P.A. to lose the old feeling in the new building - you know what I mean?

I miss hearing you practicing in the halls or in practice rooms as I walked by. I always knew it was you.

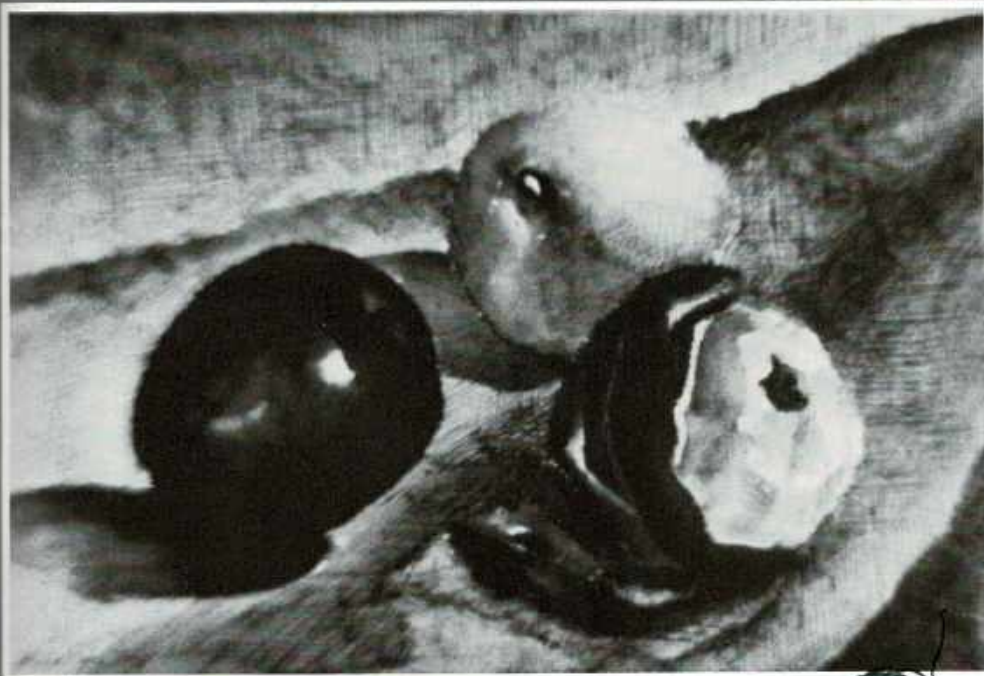

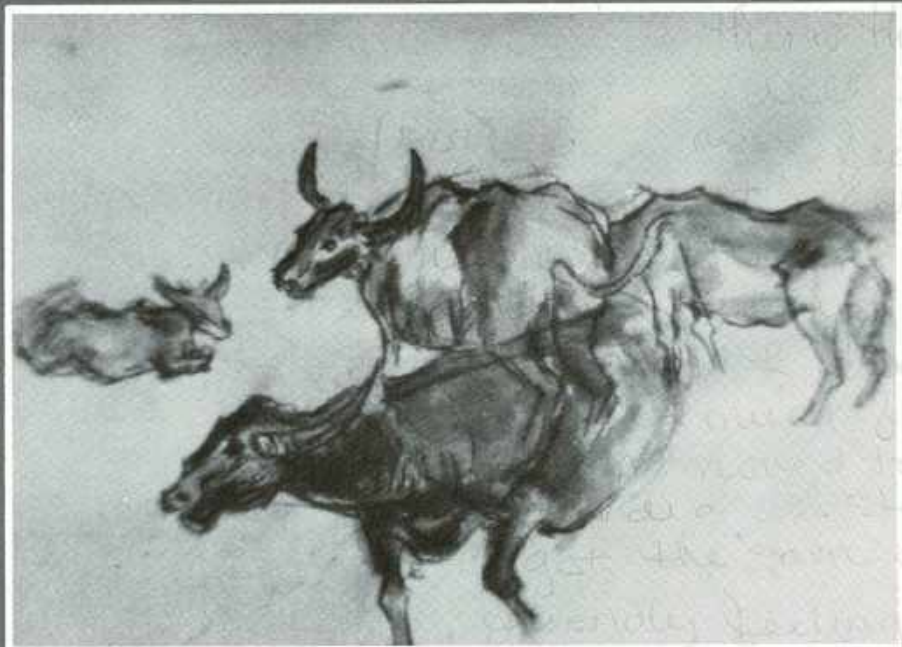

Anyway, good luck to you in the future. I know you will be successful + happy. Bewell.

Love,
Yamara

Where am I
When I'm not in command?
Am I in the hallway of my soul?
Tell me when you're going to be a man

For I've seen the darkest grey
Within my scattered mind drags
Of different
Colors block the
Way when I'm with you

When I was alone
I was my own look
What you've done to my
heart?
You've turned it to a wild stone
With scars of mended holes
And broken bones
My innocence will never be known

Music expresses that which is otherwise unexpressible.

Leonard Bernstein

Music is unity when it is perfect; every individual is concentrating his mind and body toward one glorious expression of sound . . .

And we are one.
Francis Briggs

Everyone suddenly burst out singing;
And I was filled with such delight
As prisoned birds must find in freedom,
Winging wildly across the white orchards
And dark-green field; on-on-and out of sight
Everyone's voice was suddenly lifted;
And beauty came like the setting sun:
My heart was shaken with tears;
And horror drifted away . . .
O, but everyone was a bird
And the song was wordless;
The singing will never be done.

— S. Sassoon

Music is a special means — is communication

which includes our hard work and dedication.

So let's remember that

from the start and keep

the traditions of Music

and Art.

"WE AND NOT THE PLACE"

TEAR DROPS COME TO WET MY FACE
AND IN MY MIND I SEE A PLACE
A PLACE WHERE WE BEGAN TO KNOW
HOW DREAMS WERE MADE
AND HOW THEY GROW

AND AS I SEE THIS GENTLE PLACE
I WONDER WHAT WAS IN THE SPACE
WAS IT IN THE AIR THAT WE WERE BREATHING
OR SIMPLY IN THE FRIENDS THAT WE WERE NEEDING

THEN IN MY MIND THERE WAS NO PLACE
BUT IN MIND'S EYE THE GENTLE RACE
A RACE OF ARTISTS' IMAGINATIONS
EMULATING OLD CREATIONS

TO CHANGE THIS WORLD
OH HOW WE TRY
THIS VISION SEEN IT WAS NO LIE

THIS PLACE THAT MY MIND HAD SEEN
WAS JUST THE STRUCTURE BUT NOT THE MEANS
46th STREET WAS THE PLACE
BUT OUR HEARTS THE SOLE CREATORS OF OUR RACE

Drinking In America

There are some places I remember all my life,
Though some have changed, Some forever, none
for better, some have gone and some remain . . .
In My Life — Beatles

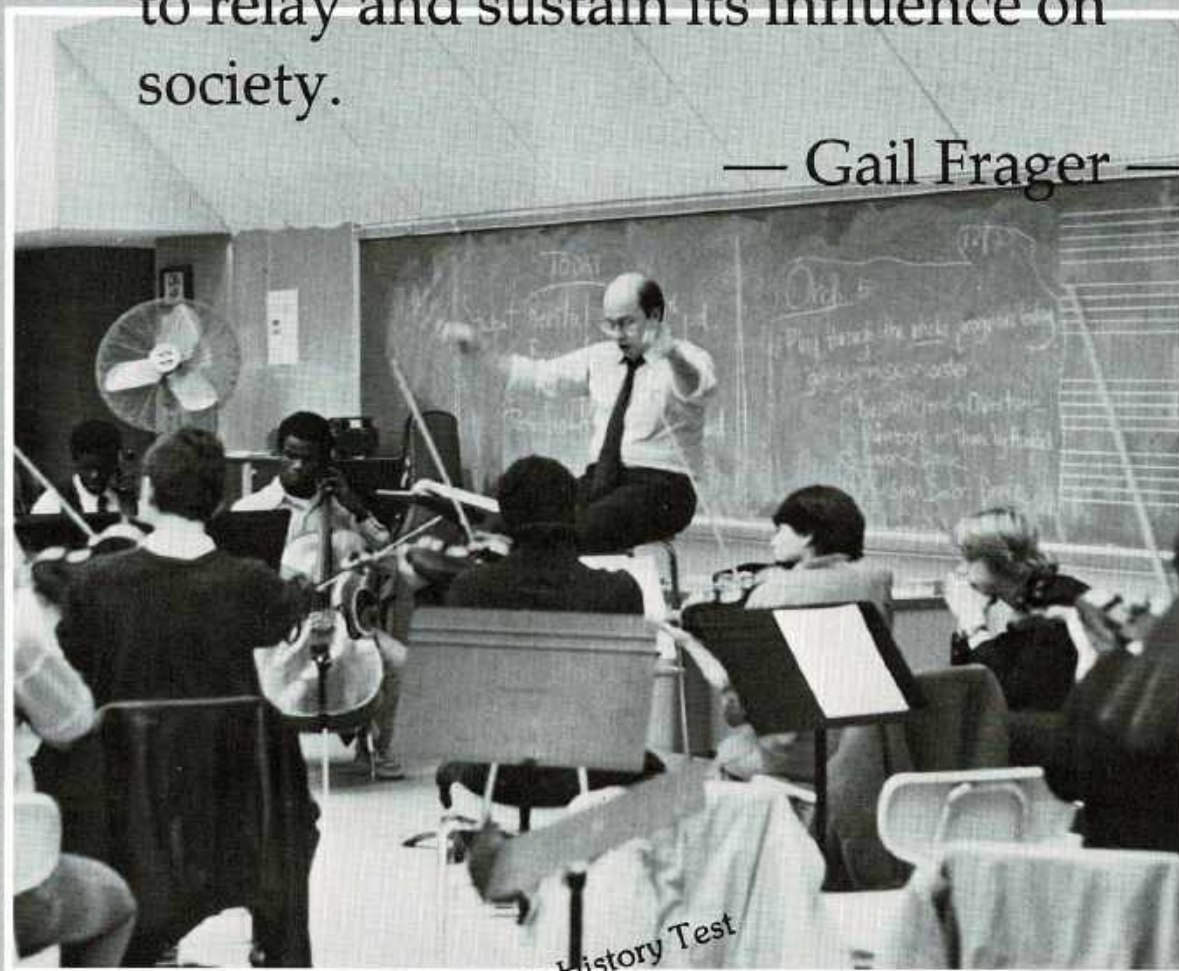

M and A

Music as a means of expressing one's emotions and talents is the best way to relay and sustain its influence on society.

— Gail Frager —

Nightmare of A Music History Test

In this world, a good test passer
Came across a man named Strasser.
He taught the songs, he knew them all —
The gent was grand, had great recall.
Sometimes a test he'd give his class
Those of good fortune he did pass,
But all the cheaters he did catch
With eagle eye and grasp to match.
And so in taking his last test,
I tried so hard to do my best.
When Strasser did his "name that tune"
My heart, it then became all strewn.
So in conclusion, I must say,
Who passed before has failed today.
Thank you Strasser, for all you've done,
Now to my head I put a gun.

(An ending with a bang)

*How can we forget the school
that was our home,
The cherished memories that
will never wax old —
The sound of notes and
voices painted in the air —
How can one forget the
dream of one's heart.

*Gone
dreams of the past,
gone with a love that moved too fast.
Gone, bright shiny days,
gone in a young and restless haze.
So little time, so much left to say,
and now it's gone.
Young and restless friend,
You'll never pass this way again.*

Best Wishes to
the 1986 Graduating Class

Tom & Janet Laidman

Shuna:

Dream . . . where are you going, so that I may not follow. To eat roses. But I am struck hard against my face with loneliness and I find myself in a corner, shattered.

Silver laughter awakens me and I see your green eyes.

Penguins Don't Wear Black Ties and Tails!! DZ: I will always love you very much!! What can I say? I think you know! I still have one blue egg! Does everyone know what is on March 20th?! — The First Day of Spring! Edwin — you're cute (scratch that!) — Handsome. Me — innocent?! Cute is a 4 letter word! — not fake and plastic!! Truthful and straightforward

Cun: Adv. ceramics — — Again!?

Never judge a book by its cover. Why don't

they do what they say, say what they mean?!

Always question authority. Non conformity is just another kind of conformity! You don't understand us, so don't reprimand us!

Rome wasn't built in a day, and neither was La Guardia.

If I were going out with Tristan, it would have been a trade! Avril — How many Danny's does this make?! Pam, Vic, Sammy, and Issa — serious SKA forever! Skank 'til you drop! (With a side order of water!).

Brettney, Liane, Shuna and Cynthia: Let's refrain from discussing politics! Let's cut 6th, are you taking notes on this? What is the name of this painting? Excuse me, is there a problem in that corner? And if so, would you like to share it with the rest of the class?? Was El Greco an acid?!!! Voluptuous??!! Alain and Cathy — sit here?! No!! — I won't move over!! Gin!

Demented and sad, but social.

. . . and I remember it as a proud building, standing erect and tall in the dear yellow light of summer's afternoon, cutting the blue sky with its gargoyles and towers . . .

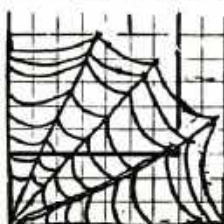

Castle on the hill, we'll keep you in our hearts forever!!!

Nick H. J. Accetta — 20th century — no beard! Explain to Trevor where the water runs in a water aqueduct!!

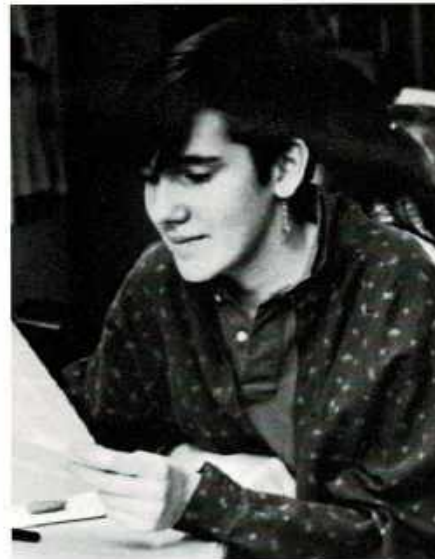

Take me to your leader, or I'll atomize your face! The next person that pinches my cheek — gets it! I always had a flare for color! Don't checkers and polkadots go together?!

Everyone still turns into blueberries, but I did find a scrumdidliosious bar, with a . . . golden ticket. Issa — you're the greatest Slam partner a girl could ever have!

It's HAIR!! Yes the spider web

is a tatoo! Baby Bat and Mohawk forever!!! Don't try to stick your rules on me. I wasn't born a carbon copy. I came out of you, but don't think you own me. I have

my respect for you . . . Look Mama I love you, but you gotta let me live my life!

"There's lots to do; we have a very busy schedule —

"At 8 o'clock we get up, and then we spend

"From 8 to 9 daydreaming.

"From 9 to 9:30 we take our early midmorning nap.

"From 9:30 to 10:30 we dawdle and delay.

"From 10:30 to 11:30 we take our late early morning nap.

"From 11:00 to 12:00 we bide our time and then eat lunch.

"From 1:00 to 2:00 we linger and loiter.

"From 2:00 to 2:30 we take our early afternoon nap.

"From 2:30 to 3:30 we put off for tomorrow what we could have done today.

"From 3:30 to 4:00 we take our early late afternoon nap.

"From 4:00 to 5:00 we loaf and lounge until dinner.

"From 6:00 to 7:00 we dilly dally.

"From 7:00 to 8:00 we take our early evening nap,

and then for an hour before we go to bed at 9:00 we waste time.

"As you can see, that leaves almost no time for brooding, lagging, plodding, or procrastinating, and if we stopped to think or laugh, we'd never get nothing done."

Thank you, — Liane, Jessica R., Beth, Yo Yo, Julia, Marie and Shuna for putting up with my "\$?#!", Cynthia for not putting up with my S**t!

By Jess, hope you never lose at rummy 500. Don't forget sunny days on the meadow — thanks for your help. Marie, thanks for your support.

Ms. Lombardi's Art History. Is it possible to pass? — Notes?, What notes! S.H.I.T. Sure happy it's Thursday, Pizza, fries and a chocolate shake — ditto.

Chris, Liane and Liz Ander — BEWARE of multiplying peanuts.

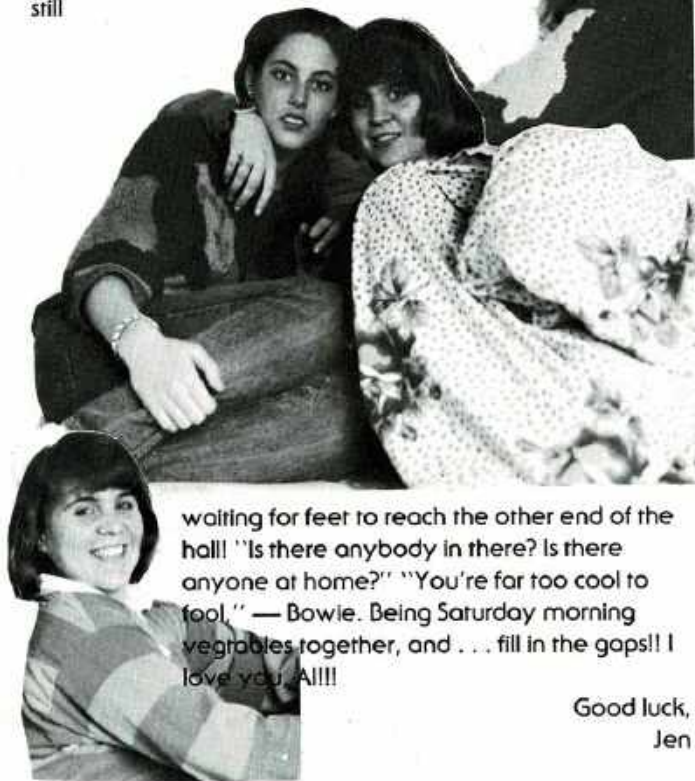

R.E.A.M. — Which ream do you mean?

What size jacket do you want, Bing, Bong The castle on the Hill, always in our hearts. Love, Breffny R.F.

JEANNINE MARIE BUDIHAS, I LOVE YOU and ALWAYS WILL

Hey Buddy! Looks like you made it! In retrospect, I think it is only right to mention briefly: The Bahamas, Paradise Island, Bloody Mary's! Memorial Day weekend; Fire Island, hallway canvas, morning showers, FAME! I'm still

waiting for feet to reach the other end of the hall! "Is there anybody in there? Is there anyone at home?" "You're far too cool to fool." — Bowie. Being Saturday morning vegetables together, and . . . fill in the gaps! I love you, Allll!

Good luck,
Jen
